

# INTERNATIONAL SHOREBIRD SURVEY

## WANTED: SHOREBIRD ENTHUSIASTS IN THE CARIBBEAN

### WHY COUNT SHOREBIRDS?

Shorebird data generated through regular surveys form the basis for conservation and management of species and their habitats

### HOW TO PARTICIPATE?

- Know your shorebirds
- Select a key shorebird site
- Implement **regular** surveys at your site during the migration season
- Complete the ISS site form
- Upload your data to **eBird Caribbean**, choosing one of the CWC Count Protocols (Point Count, Traveling Count or Area Search).

Do you already carry out counts for the **Caribbean Waterbird Census**?

Are you a shorebird fan with an interest in supporting their conservation?
