Welcome to the West Indies!

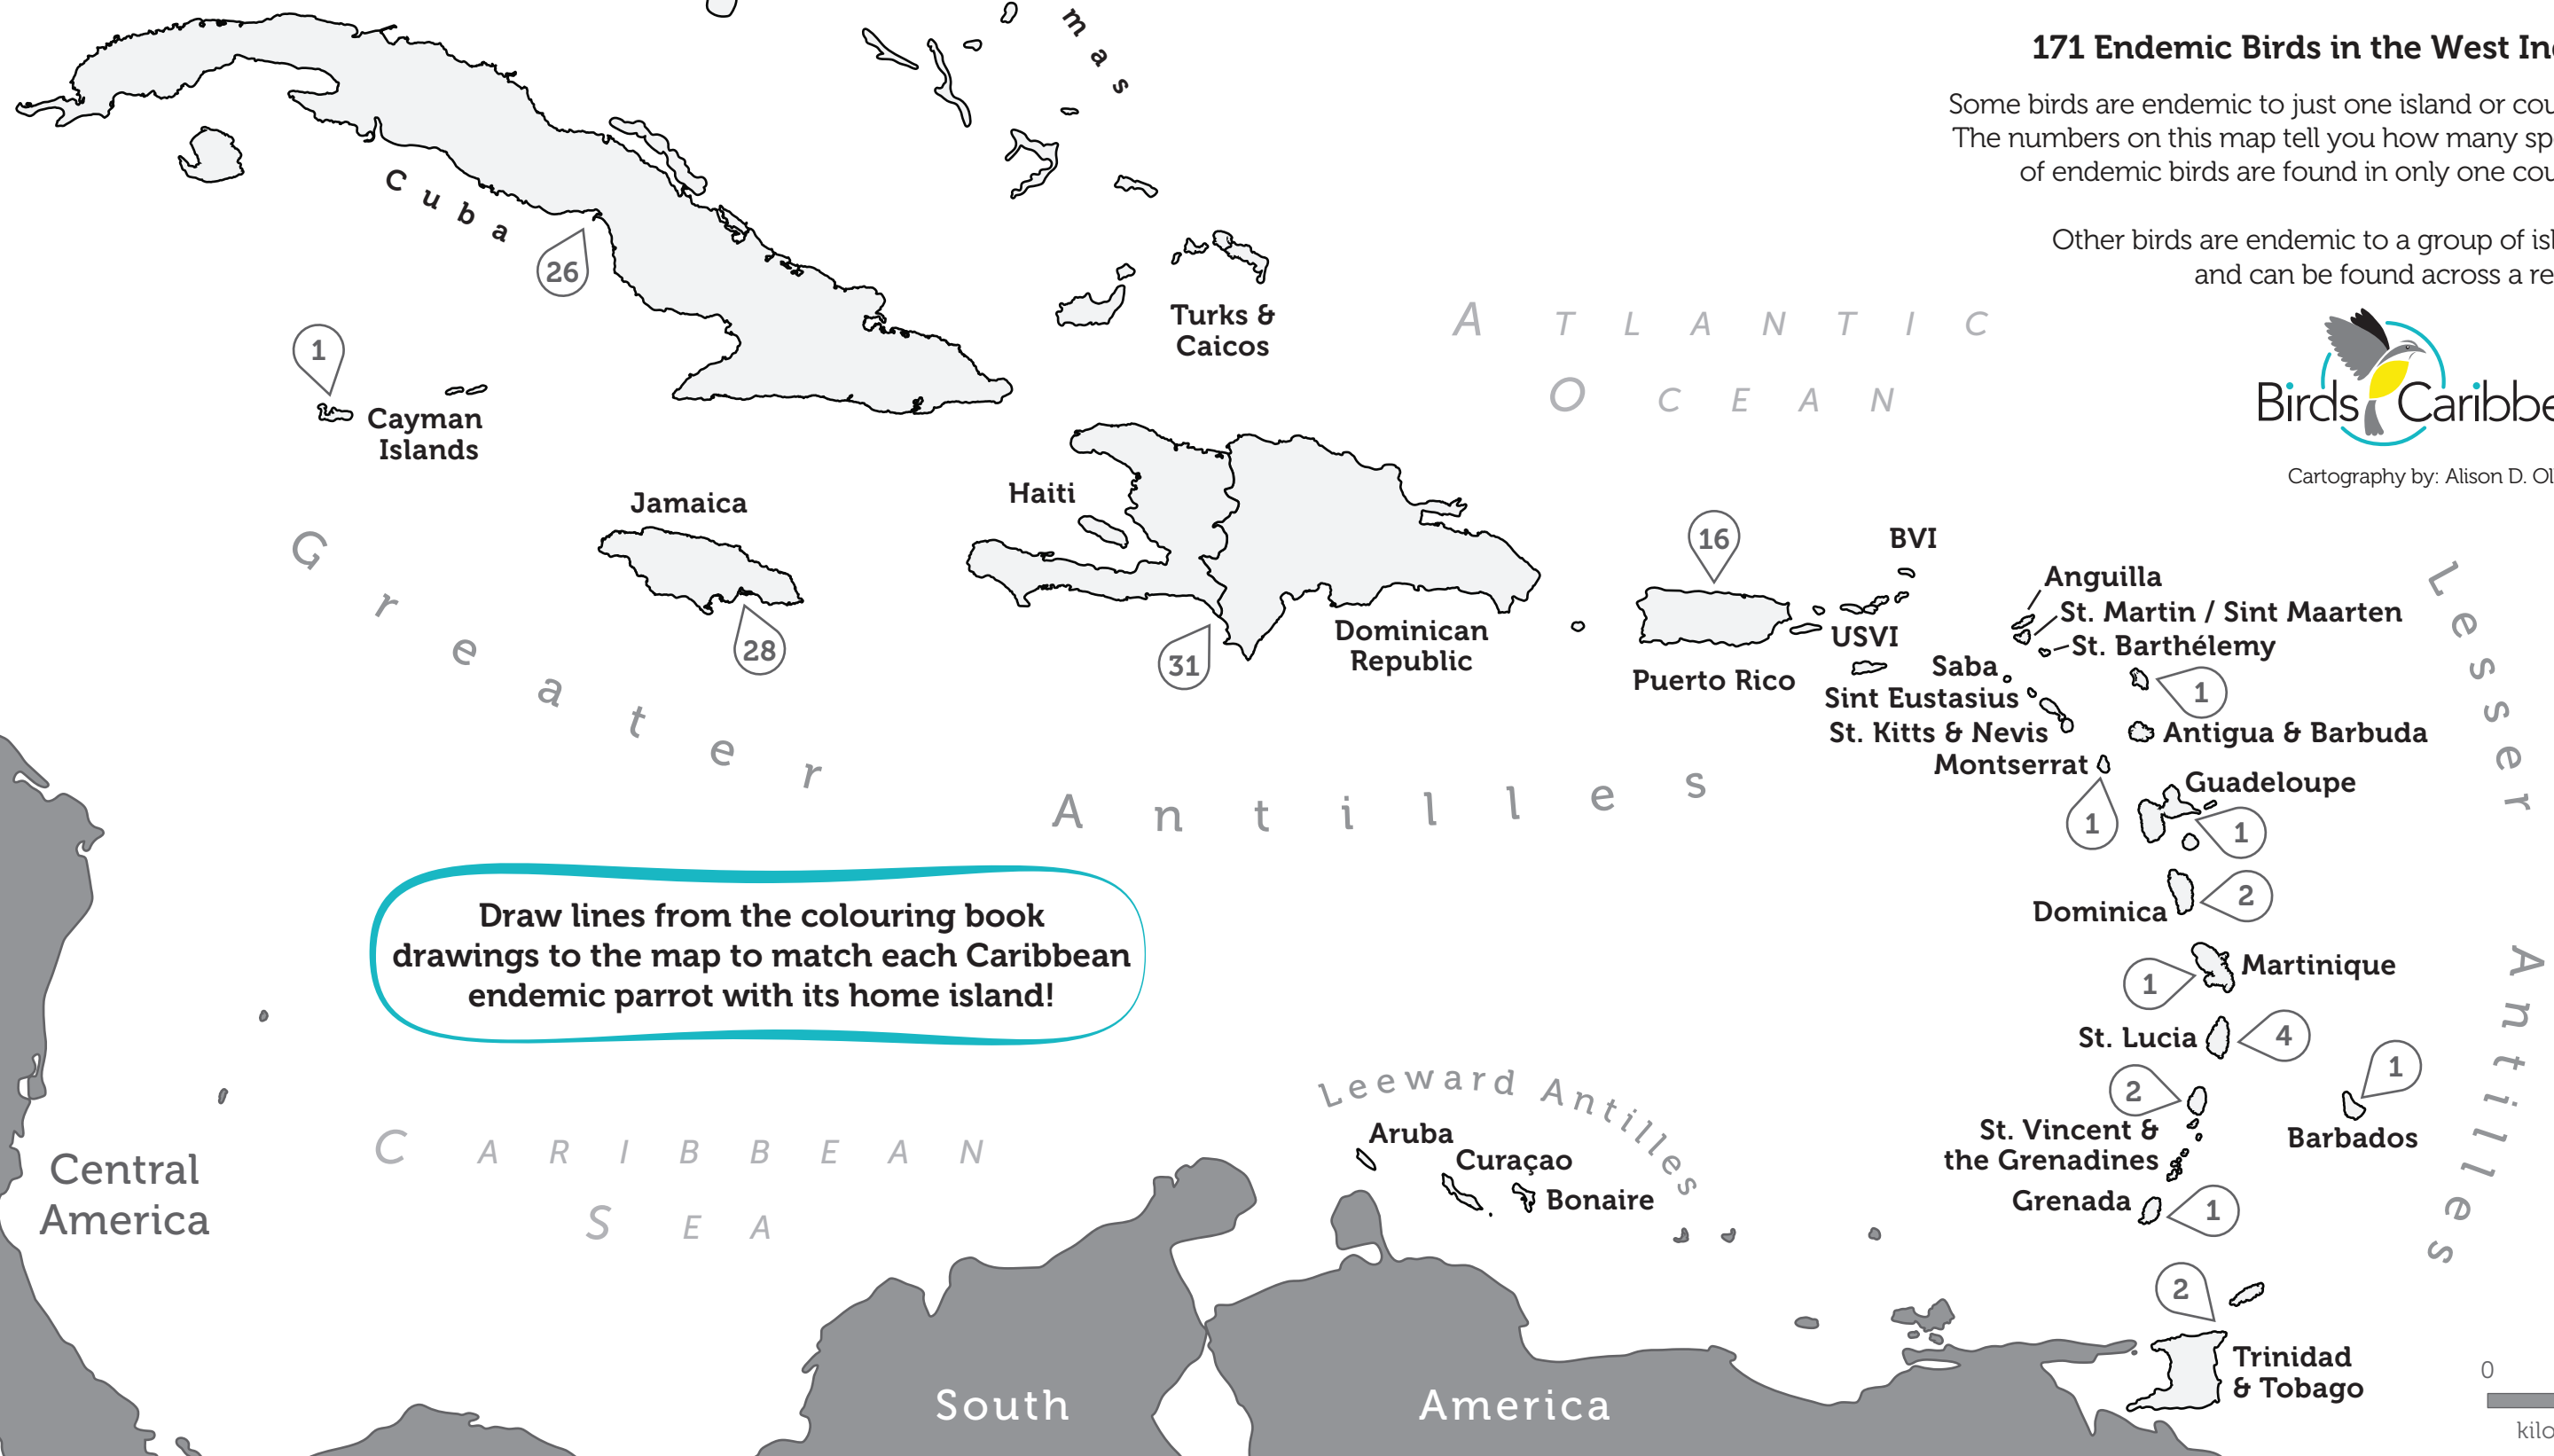

171 Endemic Birds in the West Indies

Some birds are endemic to just one island or country. The numbers on this map tell you how many species of endemic birds are found in only one country.

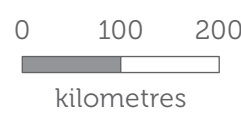

Other birds are endemic to a group of islands and can be found across a region.

Cartography by: Alison D. Ollivierre

Draw lines from the colouring book drawings to the map to match each Caribbean endemic parrot with its home island!

Saint Vincent Parrot

Imperial Parrot

Yellow-billed Parrot

Hispaniolan Parrot

Puerto Rican Parrot

Cuban Parrot
