

Yellow-Rumped Warbler Word Scramble

Rearrange the letters below to reveal the words about our bird of the day.

EBTTUBUTR	Butterbut	The nickname given to this bird because of the colour of its rump
YMLERT	Myrtle	The name of the subspecies that spends the winter in the Caribbean
RONMEEVB	November	The month when most Yellow-Rumped Warblers arrive in the Caribbean
AADCNA	Canada	A country where this species breeds
BKCAL	Black	The colour of the face-mask the males have
LDNOSDOWA	Woodlands	A habitat where you might find Yellow-Rumped Warblers in the Caribbean
ERBIESR	Berries	Something this species eats, that means it can spend the winter further north
ORMNAIGIT	Migration	The name for the journey this species (and many other birds) make to their winter areas
LLFA	Fall	The time of year when migrant birds start arriving in the Caribbean
RRELAWB	Warbler	The group of species this birds belongs to
ISCTSEN	Insects	Something else this species eats
SAAMAHB	Bahamas	On of the Caribbean countries where this species can be found in the winter
