3. On the next window, select “Sign up with email.” When the pop-up expands, enter your contact information and click the “Sign up” button.
4. You will be directed to the BirdsCaribbean Global Big Day event page. You will see your individual profile below Team Members. Click on your profile, then click on “Edit my page.”

5. A pop-up window will appear to the left of the page. You can enter your team fundraising goal and enter a personalized message for your social contacts. Don't forget to click “Save” at the bottom left when you are finished.

- Your story is the message you want to relay to your network, encouraging them to support your fundraising efforts by providing a donation to BirdsCaribbean via your team page. On the same page, you can also upload additional photos or images.

7. After setting up and personalizing your team page, click on “Share my page.” You can post directly to Facebook, LinkedIn, or Twitter. You can also send and share by email.
