

My Caribbean Bird

Create your own bird colouring page of your favourite Caribbean bird. For photos & bird facts visit: <https://bit.ly/CEBFFromthenest>. Or you can draw an imaginary bird! If creating an imaginary bird think about where it will live, the type of food it will eat and if it will need to hide from predators. This will help you create a bird that has the right beak, shape, feet and feathers to help it survive in its habitat.

Remember to write its name and where it lives.

NAME: _____

ISLAND: _____

HABITAT: _____
